Toronto

August 19-20, 2014

CERIC's Summer Skills Academy meets your need for training that is face-to-face, in-depth, and, importantly, fits your budget. Designed for career practitioners, executive directors and other professionals with an interest in career development, these two-day seminars include a series of carefully selected topics.

Join leading experts to update your skills by choosing one of these in-depth seminars:

Roxanne Sawatzky

Work Effectively with Ambivalent Clients: Stages of Change & Motivational Interviewing

This seminar is designed to help you understand the *Stages of Change* (SOC) model and Motivational Interviewing (MI) and its relevance to your organization and your clients. Learn to help clients overcome their ambivalence toward looking for, obtaining and retaining meaningful employment.

Cost: \$449

**Beverly
Beuermann-King**

Mental Health: Strategies to Manage Stress in Life and at Work

Stress is a fact of life and every day stress can build to a level that seems too difficult to handle. The workplace can be a strong contributor to mental well-being. In this seminar, you will gain practical approaches for how you can develop your personal resilience and learn what you can do as a professional to support mental health.

Cost: \$449

Daniel Cushing

Emotionally Intelligent (EI) Leadership: Discovering and Leveraging Your EI Strengths

Social and emotional abilities hold the key to greater career success and social and personal competencies are vital for a healthy and productive life. Succeeding as a leader depends on understanding others, the key to which is understanding ourselves. This seminar will prepare you for the challenges all leaders encounter and help you ensure your success as a leader.

Cost: \$795

**Send staff to each seminar to
maximize your organization's
learning!**
